(239) 200-3559 | [rshardlypicard89@gmail.com](mailto:rshardlypicard89@gmail.com) | 104 Boston Ave, Somerville, MA 02144  
[linkedin.com/in/shardlyromelus/](https://www.linkedin.com/in/shardlyromelus/) | [github.com/sromelus](https://github.com/sromelus)

## TECHNICAL SKILLS

**Languages:** JavaScript, Ruby

**Databases:** PostgreSQL, SQLite3, MongoDB

**Software/Tools:** Express, Node, React.js, Rails, Sinatra, RSpec, Capybara, Enzyme, Git, GitHub, pug

## PROJECTS

**Portfolio:** <https://shardlyromelus.herokuapp.com/>, <https://github.com/sromelus/Portfolio>

**Tax Tracker:** [taxtracker.herokuapp.com](https://taxtracker.herokuapp.com), [github.com/sromelus/tax\\_tracker](https://github.com/sromelus/tax_tracker) (in progress)

- App tracks mileage, earnings, and the amount of money needed to put save for taxes
- Built with Ruby on Rails, React, and a PostgreSQL database
- Designed a restful web API that allows users to get, post, update, and delete trip details
- Designed and developed the user interface layers using React

**The Morning T:** [themorningt.herokuapp.com](https://themorningt.herokuapp.com), [github.com/myYearOfCode/the\\_morning\\_T](https://github.com/myYearOfCode/the_morning_T)

- Wrote tests for models and the API controller with RSpec and Capybara
- Build API endpoint with Rails

## RELATED EXPERIENCE

### TheSmartSub

Full Stack Rails Developer/contract

- Worked on fixing bugs on legacy code
- Developing new features and enhancements to include a restyle of various pages

Remote

February 2021 - Present

### Atten-X

Full Stack Developer/contract

- Developed quality mockups and prototypes
- Collaborated with backend dev to help launch a new client-facing feature
- Contributed to building a new API version

Boston, MA

August 2020 - February 2021

### FightPandemics

Front-End Engineer/volunteer/part-time

- Developed client-facing feature with react based on given prototypes
- Collaborated with teams and participated in daily standups

Boston, MA

August 2020 - October 2020

### Launch Academy

Apprentice Full Stack Developer

- Completed an 18-week immersive bootcamp
- Learned core fundamental skills required to create functional and dynamic web applications
- Developed team-building skills through pair programming
