SHARDLY P. ROMELUS

(239) 200-3559 | rshardlypicard89@gmail.com | 104 Boston Ave, Somerville, MA 02144
linkedin.com/in/shardlyromelus/ | github.com/sromelus

TECHNICAL SKILLS
Languages: JavaScript, Ruby
Databases: PostgreSQL, Sqlite3, MongoDB
Software/Tools: Express, Node, React.js, Rails, Sinatra, RSpec, Capybara, Enzyme, Git, GitHub, pug

PROJECTS
Portfolio: https://shardlyromelus.herokuapp.com/, *https://github.com/sromelus/Portfolio*

Tax Tracker: taxtraker.herokuapp.com, *github.com/sromelus/tax_tracker* *(in progress)*
- App tracks mileage, earnings, and the amount of money needed to put save for taxes
- Built with Ruby on Rails, React, and a PostgreSQL database
- Designed a restful web API that allows users to get, post, update, and delete trip details
- Designed and developed the user interface layers using React

The Morning T: themorningt.herokuapp.com, *github.com/myYearOfCode/the_morning_T*
- Built collaboratively in a small team
- Created an API endpoint that is structured with Rails
- Used React component to display the show page for each stop and their associated reviews
- Wrote tests for models and the API controller with Rspec and Capybara

RELATED EXPERIENCE
Atten-X   Boston, MA
Full Stack Developer/contract   *August 2020 - present*
